To Whom It May Concern:

I highly recommend Jennifer Penfield as a candidate for an elementary teaching position. I have worked with Jennifer for the past year as a mentor and peer where she has been part of Rolling Ridge Elementary's second grade team.

During my time interacting and working with her, I have observed many things that make her an outstanding and well-qualified teacher. She has developed numerous interactive Smart Board lessons and shared them among other teachers. She has created a unique atmosphere in her classroom that encompasses center-related activities and differentiated instruction. She has always been willing to volunteer to take on new responsibilities and suggest exciting and meaningful activities for the second graders to partake in. Jennifer is extremely well-organized and her classroom is a reflection of this. She continuously promotes positive behavior by being fair yet firm with her students. Her attributes as a teacher really bring about a classroom atmosphere that is welcoming, engaging, and conducive to learning.

In summary, Jennifer displays the qualities that make a teacher not only successful, but go above and beyond what is expected to academically reach all her students. She is dependable, motivated, and is in tune with the needs of her students. She works well with colleagues and is able to learn from those around her. I highly recommend Jennifer to you without reservation. If you have any further questions with regard to her background or qualifications, please do not hesitate to contact me. She would be a welcomed addition to any school faculty.

Sincerely,

Robert Young
Grade 2 Teacher
